

SNI_Ex_v2_-_COVID

Start of Block: SNI_intro

SNIX1.1 This questionnaire is concerned with how many people you interact with on a regular basis including family, friends, workmates, neighbors, etc.

Some questions specifically ask about who you "see" or "talk to." For those questions include all interactions that occur *face-to-face*, *by phone* or *by a web-based system (voice or video)*.

Other questions ask you to include all forms of communication. For those questions, include all interactions described above, *plus* all personal interactions you have through text, email, social media, and gaming, as well as social interactions that occur through physical touch (for example holding a hand of a sick person). Do not include posting to open forums or writing to subscribers.

Please read and answer each question carefully. If you are unsure about whether a specific type of interaction should be included, please ask the researcher before responding.
